Arley Hall and Gardens School Gardening Challenge

Our Eco Council have designed a flowerbed for the Arley Hall School Gardening Challenge, taking place this weekend at Arley's Garden Festival. The children decided on a sensory garden theme and Year 5 Eco Council members did a wonderful job earlier this week of putting the flowerbed together in preparation for the challenge.

Children from across school have contributed to the flowerbed by planting seeds, caring for our growing plants, decorating pebbles and making windchimes. Well done Team TG—the finished product looks fantastic! Our flowerbed will be judged at the Garden Festival on Saturday morning, but a public vote will be open all weekend to decide which schools will receive additional prizes. Please add a token to the box in front of our flowerbed to vote for us if you are visiting the Festival!

Please Nominate Us!

We would be very grateful if families could spare a few moments to nominate us to receive £1000 in National Book Tokens for our library. We are continuing to work on developing a well-stocked and welcoming library space for our children and this prize would really help us to achieve our vision!
