

Stick Easter Crown

Outdoor Activity

You will need:

- A large collection of sticks (about 12cm long)
- A strip of fabric (long enough to wrap around children's heads)
- 1 inch wide ribbon
- Strong glue or glue gun
- Scissors
- Tape measure
- Ruler

The activity

1. Measure your children's heads and cut pieces of fabric long enough to fit around them.
2. Collect sticks that are about 12cm long.
3. Lay out the pieces of fabric and start to glue down the ends of the sticks, so they will stand upwards from the children's heads.
4. Once the sticks are stuck all along the length of the fabric, glue ribbon over the top of the ends.
5. If the children want to, they can add decorative bits such as flowers, grass, seeds, weeds etc.
6. Join both ends of the fabric to make a crown.
7. Leave the glue to dry before the children wear them.
